Re: Sanitary Landfill Company (IWD) Site
1855 Cardington Road
Montgomery County
Moraine, Ohio

Dear Ms. Mancos:

We received your letter dated July 14, 1987 requesting information on hazardous material we may have transported to the above referenced landfill.

It is Dayton Walther's policy to fully and actively comply with all government agencies. We have attempted to cooperate with your request and in good faith have searched for information and/or records that we retained or have in our control relating to materials that may have been shipped to the above referenced landfill. At the present time, we have been unable to identify or locate any records indicating the transportation or the disposal of materials to this landfill. We will continue to search all available records in an attempt to identify records pertinent to your request; however, you should be advised that the Dayton facility was closed in March, 1983 and was not reopened until approximately September, 1986. When the facility was reopened the front office building was razed and records which were stored in this area may no longer be available.

Ms. Ruth Mancos
